

Custom Shower Pricing Worksheet, MultiChoice® Universal Platform

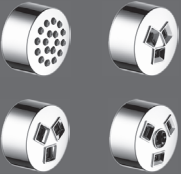

Project Name:

Scale: 1 box = 6" square

Pricing & ordering your perfect custom shower:

1. Select the components that best fit your client's needs. Reference our Custom Shower Design Guide for tips.
2. Indicate component placement on the grid at left.
3. Using the chart below, ensure you have noted all required components to complete your shower system.
4. Calculate the total price at the bottom of the page.
5. Place your order.
